Ancient Greece: The Parthenon - British Museum

- The Parthenon temple follows a traditional Greek design. There are two sets of pedimental figures in the room, one at either end. They are carved to enable them to fit into the triangular shape of a pediment. The frieze is the long scene cut in low relief which runs around the central part of the room. The metopes are located at both ends of the room and are squarish in shape showing.

Things to do in Athens: Visit the Acropolis and the Parthenon

The Parthenon was a temple to Athena built on top of the highest hill in Athens, the Acropolis (Acropolis means High City). In the Late Bronze Age, about 1300 BC, the Acropolis had been where the kings of Athens lived (like Theseus in the myth), and where everybody went to defend themselves when there was a war. But after the Dark Ages, the Athenians had no more kings to rule them. Instead they

The Parthenon is a former temple on the Athenian Acropolis, Greece, dedicated to the goddess Athena, whom the people of Athens considered their patron. Construction began in 447 BC when the Athenian Empire was at the peak of its power. It was completed in 438 BC, although decoration of the building continued until 432 BC. It is the most important surviving building of Classical Greece, generally considered the zenith of the Doric order. Its decorative sculptures are considered some of the high point...

The Parthenon and the Ara Pacis... and why they are both...

The Parthenon: The Parthenon was designed by the architects Iktinos and Kallikrates. Building began in 447 BC and was sufficiently complete to allow the dedication of the temple in 438 BC, although work continued on the decorative elements for another six years. It is essentially a Doric temple, and in that regard typical for the Greek.

The Parthenon Sculptures

The Parthenon sculptures consist of marble, architecture and architectural sculpture from the Parthenon in Athens, acquired by Lord Elgin between 1799 and 1810. Often referred to as both the Elgin Marbles and the Parthenon marbles, “Parthenon sculptures” is the British Museum’s preferred term 1: Lord Elgin’s authority to obtain the sculptures was the subject of a Select Committee.

The Parthenon, Pericles and King Solomon: A case study of Ottoman archaeological imagination. 1 Elizabeth Key Fowden University of Cambridge, efk31@cam.ac.uk Abstract: What makes Athens different from other multi-layered cities absorbed into the Ottoman Empire is the strength of its ancient reputation for learning that echoed across the Arabic and Ottoman worlds. But not only sages were

Parthenon Road Athens

Parthenon Road Athens Greece 18th September 490 BC Dear Artimus, You are never going to believe what has happened! The Persians came to Marathon to try and invade Greece! We decided to have a meeting to decide what to do. Some of us believed that we would be unable to defeat the Persian army. However, we decided that our democracy was too important to lose so we decided to fight back...

Parthenon and Parthenoi: A Mythological Interpretation of ...
Parthenon, east frieze, slab V (Alison Frantz Collection, courtesy American School of Classical Studies at Athens) Seldom has this view been challenged over the past 200 years, though the images have been a source of great frustration for philologists, historians, and iconographers alike. Scholars have assembled lists of all the elements we should expect to find in a Panathenaic procession.

University strategy in a digital world
Parthenon-EY | 1 University strategy in a digital world: online and hybrid programs Online is the new “table stakes” for colleges and universities. In the past, online learning was associated with for-profit education and viewed, by many, as a substandard modality. In the last decade, however, many public and private not-for-profit institutions have entered the online space, some very.

Safeguarding the interests of students
EY-Parthenon | 1 Part I: The problem Many higher education institutions are in an increasingly precarious financial situation, potentially putting students at risk. In 2013, Harvard Business School Professor Clayton Christensen, known for his studies of disruptive innovation, predicted that “50% of the 4,000 colleges and universities in the US will be bankrupt in the next 10 to 15
